ANAESTHESIA FOR VET NURSES

SMALL GROUP SIZES FOR
ONE-ON-ONE SUPPORT

As a vet nurse, it is vital for you to be confident with all aspects of anaesthesia - from admission right through to discharge. Anticipating the surgeon's needs, understanding the equipment, patient monitoring and recovery - this workshop collection covers it all. Whether you're a student, just returning to theatre or a seasoned pro, there's always value in revisiting the fundamentals of anaesthesia.

About Each Workshop

This course is approved for CPD points under the AVNAT Registration Scheme
www.avnat.org.au

Established by the VNCA

The Australian Veterinary Nurse and Technician (AVNAT) Regulatory Council has allocated **2 AVNAT CPD points** to each continuing education activity (each workshop), totalling **8 AVNAT CPD points** allocated to the entire workshop collection.

Gaining Anaesthetic Confidence

This session will give you the skills to prepare yourself, your patient and your equipment to go into every anaesthetic with confidence. It covers patient evaluations and diagnostics, anaesthetic planning and equipment, client communication and more.

9TH MARCH
11AM - 1PM AEST
12PM - 2PM AEDT

Understanding Pre-Medication

Pre-medicants are part of a safe, controlled and balanced anaesthetic plan. Expand your understanding of the aims and methods of their use and explore the effects and benefits of the most commonly used pre-anaesthetic medications.

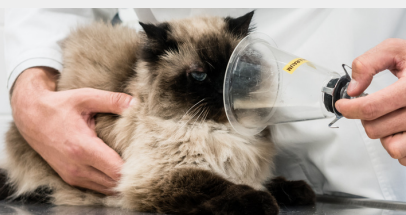

16TH MARCH
11AM - 1PM AEST
12PM - 2PM AEDT

Anaesthetic Monitoring & Post-Anaesthesia Care

Monitoring equipment can't replace a vigilant vet nurse.

Learn more on monitoring parameters to determine patient safety, recognising abnormal parameters and their causes, indicators of anaesthetic depth, plus the factors affecting patients' safe recovery from anaesthesia.

23RD MARCH
11AM - 1PM AEST
12PM - 2PM AEDT

Anaesthetic Planning

This session will guide you through how to formalise Anaesthetic Plans utilising pre-operative patient risk assessment. We will also take you through how to determine intra-anaesthetic management and post-operative care to meet the needs of the patient.

30TH MARCH
11AM - 1PM AEST
12PM - 2PM AEDT
